

Commitment

TPC Printing & Packaging manufactures quality paperboard packaging for clients in several major markets. TPC seeks to reduce the environmental impact of its products and services through recycling, responsible material sourcing and management and waste minimization.

TPC Printing & Packaging recognizes that managing health, safety, and environmental concerns are essential to the operation of the company. We believe maintaining sound policies contributing to the health and safety of our employees and a sustainable environment add credence to TPC's commitment to quality, service and fiscal responsibility.

Compliance

TPC is committed to compliance of all local, state, and federal laws and regulations pertaining to day to day operations, as well as, our own high standards of quality and service. TPC adheres to the chain of custody certification standards created by the Forestry Stewardship Council and the Sustainable Forestry Initiative. TPC follows Good Manufacturing Practices in the production of pharmaceutical packaging. TPC is also a certified supplier to the bakery industry through the American Baking Institute.

Prevention

TPC strives to create a safe working environment using prudent operating procedures and employee training. Our in-house waste reduction and recycling programs minimize our impact on our community ecosystem.

Communication

TPC will communicate our commitment to compliance, prevention, and continuous improvement programs in the areas of health, safety, and environment to our employees, our vendors, our customers, and our community.

Continuous Improvement

TPC will continue to enhance current procedures and implement new programs to further improve its health, safety, and environmental impact policies.
